Re: Tom Brown Drilling Co., Inc.
Seigrest Draw Unit Well #1
SE NW Section 28-19-23
Eddy County, New Mexico

Dear Sir:

We are returning Commission Form C-105 (Well Record) for some additional information. Please show where the water was encountered under Important Water Sands. It is my understanding that this well was drilled with air and made a considerable amount of water.

Also, we need a copy of the Temperature Survey that you ran on the Intermediate casing.

As soon as this is taken care of the plugging report can be approved.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett
