We were unable to complete this well in the Seven Rivers as proposed on C-103 dated 7/28/82. We propose to plug and abandon it by setting a 50 sack plug from TD to 1700', cut off the 4 1/2" casing at approximately 1600', set an 80 sack plug 1600' to 1100', 55 sack plug 480' to 150', and a 15 sack plug at surface.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
