Re: Dozier Federal Com No. 1 K 14-19-31,
Und. Lusk Strawn Pool

Dear Mr. Dunnivant:

Four copies of Commission Form C-104 "Request for Allowable" have been forwarded to this office from the U.S.G.S. office. Five copies of this form plus two notarized copies of a tabulation of deviation tests run in the well must be sent to this office when requesting allowables in Commission District II. However, as we now have four copies of Form C-104 and two non-notarized deviation surveys, an allowable is being assigned the subject well on a conditional basis. Please submit one additional copy of Form C-104 and the notarized deviation tabulation as noted above. These reports must be received in this office by July 8, 1966, or the wells allowable will be cancelled.

If there are any questions concerning this matter, do not hesitate to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION

R. L. Stamets
