Eddy County, N. Mex.

Dear Mr. Bergstrom:

Your letter of November 13, 1975, regarding work to be done to complete the above-mentioned well has been done.

We have made the legal description on the dry-hole marker the way you requested.

The square cement block has been disposed of.

The pits north and east of the well have been levelled.

The location is ready for your inspection.

Very truly yours,

GUY A. BABER, JR.
President
