New Mexico

Gentlemen:

On May 29, 1967, a field inspection of the subject dry hole was made. Said inspection revealed an error in well location as shown on the marker. The marker gave the information 660 FNL, 1980 FWL rather than the correct location, 1650 FNL & 1650 FWL. Please contact this office when the location has been corrected on the marker.

Very truly yours,
