Gentlemen:

Please find enclosed Llano's C-115 for the month of January 1975. Also enclosed are copies of Llano's C-115's for the months of October, November and December 1974, during which time Llano had become operator of the captioned well located within District II jurisdiction.

Pursuant to my conversation of February 20, 1975, with Mr. W. A. Gressett, Llano will promptly notify your office of the gas and oil test rates to be determined as soon as Phillips Petroleum Company reconnects the gas sales meter.

Please advise if I may provide additional information.

Very truly yours,

Steve Collins
