Dear Sir:

Our Keohane et al "C" Federal No. 3, Unit I, Section 21, 18-S, 31-E, Shugart (Y. SR. Q. Gbr.) pool has been closed in pending conversion to salt water disposal service, with a closing stock of 56 barrels of oil, which, due to a misunderstanding between our local personnel, was transferred to the Littlefield "AB" Federal lease, Shugart (Y. Permission is hereby requested to run this oil from the Littlefield "AB" Federal lease.

Texas-New Mexico Pipeline Company is the transporter on the Littlefield "AB" Federal lease.

Yours truly,
