September 7, 1973

Mr. W. A. Gressett,
Supervisor and Oil & Gas Inspector
New Mexico Oil Conservation Commission
Drawer DD
Artesia, New Mexico 88210

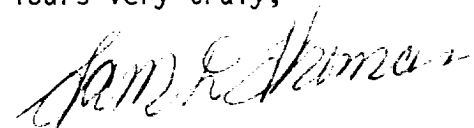

Dear Mr. Gressett:

Attached is a C-116 on the Barbara #2. Test data for the last six days is as follows:

9-1-73	Well Shut-in - Pump Repair		
9-2-73	"	"	"
9-3-73	"	"	"
9-4-73	"	"	"
9-5-73	187 Oil	286 Water	200 Mcf Gas
9-6-73	184 Oil	318 Water	200 Mcf Gas

Our field superintendant, Mr. Bobby Cone, has contracted to lay a Salt Water Disposal line from the Barbara #2 to the main line at Dagger Draw #1. We will continue trucking the water until this job has been completed.

Yours very truly,

Sam D. Thomas
Office Manager
