Mr. B. B. Haines  
Mr. Emil Bach  
Star Route East  
Artesia, New Mexico 88210

Gentlemen:

On September 26, 1972 Green & Michaelson Producing Company sent you New Mexico State's affidavit converting our No.1 Red Tank to water well use. Unfortunately because of emclement weather it took much longer to make the final clean up around the NO.1 Red Tank. The dirt contractor has informed me that this work has been completed and should meet with your satisfaction.

The deposition of these four affidvates upon your ex-ecuting the bottom portion and have them notorized is the two copies should been taken to New Mexico Oil Conservation Commission there in Artesia and one copy should be kept for your records and one copy returned to our office. We are, of course, very sorry that we could not make a successful completion but hope that you can make an excellant water well to be used in your ranch operation.

Yours very truly,

L. H. (Mike) Michaelson
