Re: Hackberry Unit Well No. 1
Section 25, T19S, R30E,
Eddy County, New Mexico

Dear Mr. Helton:

Referring to your letter of June 12, 1974, authorization is hereby given to test the subject well and flare the gas produced for a period of seven days or until the well shall produce at a rate of 1,000 MCF of gas per day. It is understood that this testing is necessary to determine if the well has suffered damage during completion or if it has tapped a limited reservoir, such determination being necessary in order to gain a pipeline connection or for additional development in the area.

Please notify the Artesia District Office of the Commission of the date and time such test is to commence. Further, a complete record of the test must be submitted to this office within ten days following completion of the test.

Very truly yours,

A. L. Porter, Jr.
