Gentlemen:

A recent inspection was made on September 17, 1975 on the subject P & A well.

There are numerous pieces of black plastic scattered about the location, this plastic will have to be removed or buried prior to the final approval of the P & A and release of your plugging bond.

Please notify this office in writing when this location has been cleared of the plastic and is ready for the final inspection.

Sincerely yours,

Leon Bergstrom
Oil & Gas Inspector
