Enclosed are your C-115 reports for, Oct 97, Nov 97, Dec 97, Jan 98, Feb 98, and Mar 98. All of these require further information. We have been trying to work with you via telephone, but that has been unsuccessful. Additionally, an OCD employee in our Artesia office typed a pro forma C-115 for your use that included all of the information we require. All you would have had to do was type in the volumes. Instead, we are still receiving the erroneous forms. Consequently, your production reports for the above months are being returned to you as unacceptable. Your company is now six months in arrears in filing production reports for your wells and you may be subject to penalties up to and including shut-in of the wells.

Please make all necessary corrections to the enclosed and return them to us at the above address.

If you have any questions, you may call me at (505) 827-7151.
