Re: #1 Mobil Federal Com.

Gentlemen:

Enclosed are three copies of the "Designation of Operator" executed by Mobil in favor of Universal Resources Corporation. Harvard Exploration & Development Corporation staked the location and filed the "Application For Permit to Drill" with accompanying surface use plan. Universal Resources will be the operator of this well however, and will assume all obligations under the terms of the Mobil federal lease and federal and state regulations.

If you have any questions please feel free to write or phone.

Very truly yours,
