

BLANK FORM

1. The user is to fill in the space provided for the recording of the results of the examination of any newly drilled or deepened well. It should be completed by the owner of the well or by a duly licensed person on the well and a copy of all special tests conducted, including pump-out tests, shall be submitted with the completed data in the case of drilled wells. It shall be verified by the well owner and reported to the State Department of Geology. Items 2 through 4 shall be reported for each well. The form is to be filled in quarterly, except on state wells, where the report is required. See Rules 1185.
