Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Well was originally P&A'd as DHY State A #1.

On September 1, 1993 the name was changed to East Millman Unit #219.

On August 13, 1993 the following work was done:

Dug workover pit. Dug out around 8-5/8" csg. Cut off & removed dry hole marker. Welded on 8-5/8" csg stub to surface.

The well was never re-entered beyond the above mentioned work.

On November 30, 2000 the dry hole marker was re-installed.

SDX proposes to P&A the well as follows:

1. Change well name back to original name (DHY State A #1).
2. Fill pit.
3. Clean location.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
