Re: Bass State Well #1
Unit letter "E"
Sec. 32, 19-South, 29-East
Eddy County, New Mexico

Dear Mr. Ramey,

Coquina Oil Corporation has recently completed the above referenced well in the Atoka and Strawn Formations. At this time we are in request of a hearing before the commission for the renewal of the North Burton Penn Pool.

We also request that the acreage be extended from 160 acres to 320 surface contiguous acreage spacing. As depicted in red on the attached acreage dedication plat, we request that the applied for acreage include the Southwest quarter of section 32.

Further, the only well to be in the North Burton Penn. Pool, Sunray Mid-Continent Oil Company's State "Q" well #1, was plugged and abandoned in 1967. Therefore, because we are now the sole operators of a producing well in this pool, we can foresee no opposition to our request.

If we may be of any assistance or if you have any questions, please advise.

Sincerely yours,

COQUINA OIL CORPORATION

C. Alan Bump
