☐ Non-Routine Fracturing
☐ Water Shut-Off
☐ Conversion to Injection
☐ Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

INC # NM-067-96-CQ-490 Approval for metering gas off-lease for subject well.
The master meter for the subject well is located approximately in the NENESWNWSE of Section 20-T18S-R31E. This meter serves three wells in section 20. Each well has an allocation meter located at the wellhead. The master meter was installed at the main pipeline terminus before UMC Petroleum purchased the property from Pennzoil in 1995. At this time it is more economical to leave the meter in place at the pipeline manifold, than to install separate meters at each wellhead.

Please see attachments.

14. I hereby certify that the foregoing is true and correct

BUREAU OF LAND MANAGEMENT
CARLSBAD RESOURCE AREA

Off Lease Storage/Measurement

Conditions of Approval

Approval of off lease storage/measurement and sales is subject to the following conditions of approval:

1. This agency be notified of any change in your sales method or location of the sales meter.
2. This agency shall be notified of any spill or discharge as required by NTL-3A.
3. This agency reserves the right to modify or rescind approval whenever it determines continued use of the approved method may adversely affect the surface or subsurface environments.
4. This approval does not constitute right-of-way approval for any off lease activities. You need to submit within 30 days an application for right-of-way approval to the Realty Section in this office if you have not already done so.
