Gentlemen:

Amoco Production Company, as operator of the Greenwood PG Unit Federal "C" Com Well No. 1, hereby notifies you that we have applied to the NMOCD for Administrative Approval to downhole commingling the subject well.

Our plans are to place a packer above the Morrow and Atoka gas zones and produce both through a single tubing string. Commingling will enhance the economic operation of the well and allow us to economically recover the remaining reserves.

If you have no objections to the commingling, sign below and forward one copy to the NMOCD in Santa Fe, one copy to the NMOCD in Artesia, one copy to this office and retain one copy for your records. Addressed, stamped envelopes have been provided for your convenience.

Yours very truly,

S. J. Okerson gpn
