Re: Surface Development Plan - Proposed
Jones Federal (NCT-B) No. 2, 1980'
FSL & 1980'FWL of Section 33-20S-25E,
Eddy County, New Mexico

U. S. Geological Survey
P. O. Drawer "U"
Artesia, NM 88210

Gentlemen:

The amendments to the existing surface use and operations plan for the proposed well are as follows:

(1) Existing Road

- (a) Exhibit "A" is a portion of a general highway map showing the location of the proposed well as staked. Go approximately fourteen (14) miles northwest of Carlsbad, New Mexico on Highway 285. Turn left onto paved road and follow for approximately six (6) miles. Turn left onto caliche road and proceed east on road for approximately 1/2 mile. Proposed location will be on the north side of the existing road.
- (c) There is approximately 1900 feet of road from the existing cattleguard to proposed location that requires repair to the caliche surface. This section of road is color-coded brown on Exhibit "B".

(2) Planned Access Roads

- (a) None required.

(9) Well Site Layout

- (b) There will be no significant cuts or fills required.

(11) Other Information

- (a) Topography: The well site is located on a relatively level area. The undisturbed well site elevation is 3642.6 feet.
