Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The well was spud @ 1:00 a.m. on 12-05-79. A 17-1/2" hole was drilled to 437', 13-3/8" 48#/ft. casing was run and cemented with 400 sacks "C" with 2% Ca Cl. Cement did not circulate necessitating placing 5 yards of ready-mix cement down the annulus & filling to surface. After W.O.C. time of 11 hours, the well was nipped up (12 hours), tested casing to 1000 psi prior to drilling out shoe.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
