Gentlemen:

We are returning the enclosed Form C-103 on the subject well for additional information.

Please show the WOC time, pressure test and results of the test on the 8 5/8" casing. Further, this office has no record of your proposal to change the casing size and cementing program on the production casing; 115 sacks of cement will not circulate to surface as shown.

Please advise.

Sincerely,

W. A. Gressett
Supervisor, District II
