12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In response to letter dated June 12, 1997 (a copy of which is attached):

Propose to temporarily abandon perforations 2432-2544' (Yeso) by setting a CIBP above perforations and capping CIBP with 35' of cement. Will observe results of test on Irish Hills Yeso JE State #4. If #4 well is productive, will perforate 1088-1217' (San Andres) and stimulate as necessary for production.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
