## NOTICE OF DIRECTION

Yates Petroleum Corp  
105 S 4<sup>th</sup> St  
Artesia, NM 88210

Dear Operator:

On July 16, 2002 a letter was sent to your office indicating the following wells were out of compliance with NMDCD Rules. The letter requested you furnish this office with information concerning the future status of the wells.

- North Millman Ut #3      K-8-19-28      30-015-23838      Violation Rule 201

Since we have received no reply from your office on this matter, we now inform you that this well must be in compliance on or before December 2, 2002.

If these wells are not in physical compliance by the due date above further enforcement **will** occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon these wells. Such a hearing may result in imposition of **CIVIL PENALTIES** for your violation of DCU rules.

Respectfully,

Gerry Guye  
Compliance Officer  
District II - Artesia
