13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleting horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operations results in a multiple completion or recompleting in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well has been in temporarily abandoned status, but approval expired July, 2001.

Yates respectfully requests permission to extend the temporary abandonment status of this well to hold it for possible future use in secondary recovery efforts. This well is also a potential candidate for deepening.

Propose to run a Mechanical Integrity Test as follows:

Notify BLM with 24 hour notice so they can witness test.

Load casing with 2% KCL water. Pressure test casing to 500# and record chart for 30 minutes.

File chart with BLM.

I hereby certify that the foregoing is true and correct
