Re: Exception to Rule 403
Huber Federal #2
Eddy County, New Mexico

Dear Mr. Ramey:

Chama Petroleum Company has completed the Huber Federal #2 as a gas well in Eddy County, New Mexico. Mr. Armando Lopez granted us permission to lay a temporary gas sales line from the Huber Federal #2 to the Huber Federal #1, said wells being located in Section 3, T-20-S, R-25-E. We have engaged Stell's Sales and Service to perform monthly maintenance on both wells such as checking the orifice meters and calibration to insure their proper measurements, as well as Southern Flow to meter the production from the Huber Federal #2. We have attached copies of Stell's invoice and Southern Flow's report as evidence of the services being performed.

As each well is being independently metered, we respectfully request that Chama Petroleum Company be granted an exception to Rule 403. Thank you for your consideration of our request.

Yours truly,

CHAMA PETROLEUM COMPANY
