17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Original permit filed with Getty Oil Co. as Operator. Operator name should be changed to Texaco Producing Inc. (TPI). It is requested that the drilling permit for this well be extended for 6 months to 2/01/87. The original permit was granted on 6/19/84 and a one year extension was granted on 3/22/85. The well was not drilled due to delays in obtaining a pipeline connection. The pipeline will be installed and in operation within the next month and we anticipate drilling this well before the end of 1986.
