May 4, 1988

To: Mike Williams

From: Darrell Atkins

Subject: Amoco QT #1 and #2

As per our recent telephone conversation regarding the Amoco QT #2. This well has gone sour after 800 mcf of production. Yates is in the process of obtaining a sweetner processing filter and it will be 120 plus days before Yates will be back in production. We will be showing this lease as sour, waiting on equipment on the C-115 as per your instruction.

Darrell Atkins

Production Superintendent
