17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

The approval for 12 month TA Status expires 4-6-88, on this well. Santa Fe Energy Operating Partners, L.P., requests an additional 12 month TA Status due to economics. We plan more drilling in this area when oil prices increase. We would use this well as a disposal well at that time. This is a 2 year old well with casing cemented to surface.
