17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Propose to cement squeeze perforations 7779-7835' and shut off an estimated 3000 BWPD, allowing well to pump off, thereby increasing oil production and cutting disposal and lifting costs. Will use 36-hour Temblock in upper perforations 7613-7760' while cementing.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
