Siete Oil and Gas Corporation respectfully requests permission to maintain an emergency pit facility at the Parkway Delaware Unit injection station located at the Parkway Delaware Unit #501 (Osage Federal #1). The dimensions of the pit are 8' X 15' X 6'. It will be used for emergency overflow only. We do not anticipate ever having to use this facility. But if something happens where the facility is needed, the fluids will be removed within 48 hrs of it being disposed of into the pit. The pit will also be fenced & screened to prevent any cattle accidents or any other kind of accidents.

14. I hereby certify that the foregoing is true and correct
