13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Subject well went from 70 BO & 56 BW & 28 MCFG to 200 + BWPD. We suspect a casing leak squeezed in 1994 @ 2008-2023' has broken down or a new leak has developed.

We propose to pull the production equipment, identify the leaking interval(s) and cement squeeze. Timing will be upon approval of regulatory and WIO's expected early November.

14. I hereby certify that the foregoing is true and correct
Name (Printed/Typed)

Herb Thackeray
