Re: Schoonmaker State
#4-L-12-19-29

Dear Sir:

We do not have the state lease number for the above captioned well. The number you are using is the API number that our office issued when your application for permit to drill was approved.

The information given on your completion and the request for allowable forms is not the same. Please check the total depth, completion date, casing record and where the tubing is set.

Also please submit one copy of each log that has been run on the well. So far we have received only the Prolog Field Analysis log.

If we can be of any assistance to you, please call.

Sincerely,

Mike Williams
