

SURFACE USE PLAN
Conoco Inc.
Barbara Federal No. 9
Eddy County, New Mexico

The following is the required information concerning the possible effect which the proposed drilling of this well may have on the environment, existing road sites, and surrounding acreage. A copy will be posted on the derrick floor so all contractors and sub-contractors will be aware of all items of this plan.

1. Existing Roads

- A. The proposed well site is 1980' FNL & 1980' FEL of Section 18, T19S, R25E, Eddy County, New Mexico.
- B. Exhibit "A" is a portion of a New Mexico road map showing existing roads. Directions to the location are as follows: From Artesia go South 15 miles on Hwy. #285. Turn west on Eddy County Rd. #23, go 8 miles on paved road to location.

See Exhibit "B".

- C. Access roads are shown on Exhibit "B".
- D. No improvement or maintenance is anticipated for the existing roads.

2. Planned Access Roads

- A. One access road approximately 968' long will be required.
- B. No turnouts are required.
- C. No culverts, or fills will be required.
- D. No gates, cattleguards, or fences will be required.

3. Location of Existing Wells

See Exhibit "B"

4. Location of Existing and/or Proposed Facilities if Well is Productive

Existing production facilities are shown on Exhibit "B". This well's production will go to the Lodewick A No. 1 located in Unit C, Section 19, T19S, R25E. A flowline 4268' long will be laid to the existing Lodewick A battery.
