Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Siete wishes to lay approx. 1700' on surface of 2" SR11 polyeurethane flowline, with anticipated operating pressure of 50-60 psi, from the Arco #5 location to the lease tank battery located at the Arco Federal #1 (SW¼NW¼ of Sec. 24, T18S, R31E). This proposal should replace the production facilities submitted in the permit to drill. Attached is a map showing the proposed flowline.

I hereby certify that the foregoing is true and correct
