Completed well in Grayburg (2096'2268') with marginal results. Plan to set RBP over the Grayburg and plug back to Queen formation and stimulate the sands from 1606-1916'. If the Queen formation does not prove to be commercial, SDX Resources will plug back to the Seven-Rivers formation at 1000'-1400' and stimulate. Plans are to commence work around 10/25/95.
