13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Yates Petroleum Corporation respectfully requests permission to replace the H2S Drilling Plan originally submitted with the Application for Permit to Drill with the attached plan.

The change will state that a "trailer" will not be on location at all times. A trailer will only be used during drill stem testing, completion and production operations.
