17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

10-25-82 Moved on cable tool rig. Cleaned out to P.B.I.D. of 1992' by
thru bailing frac sand and balls and by drilling up what was appar-
11-10-82 ently an old bridge plug. Drilled on to T.D. of 2021' and then
with verbal permission drilled out to a derth of 2032' in a 5"
hole. At this point fluid in the hole had risen to a heighth of
600' from bottom. Bailing 1 hour (approx. 3 1/3 BBL.) did not
lower fluid level and netted live oil and apparently no water.
Ran rods and tubing in well. DID NOT PERFORATE OR TREAT.

11-11-82 Had difficulties getting well to pump. Pulled well numerous
thru times finding foreign materials and iron sulfide in pump.
present Well is finally staying on producing 7 BOPD with very little
(2-2-83) water.

8. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
