Dear Sir:

Commission Form C-101, Application for Permit to Drill the subject well was approved July 20, 1970, and to date no additional reports have been received. The Scout Report shows the well has been drilled to a TD of 1865' and casing has been set. Please file Form C-103 showing the spud date, amount, size, grade and weight of each string of casing, the volume of cement used and the WOC time.

If you have any questions concerning this please feel free to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett  
Supervisor, District II
