13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

The existing #7 tank battery, separation equipment and metering will now be used for the #4 well. A new heater treater, gas meter & water meter will be installed for the #7 well. Also one tank in the #3 battery will be isolated and used for the #7 stock tank.

We will also install a new 500 bbl water tank next to the existing 500 bbl water tank.

We spoke to David Glass on 9/27/99 to make sure that this was OK. He did not see a problem.
