Order No. 2510

Oil Conservation Commission  
Drawer DD  
Artesia, New Mexico

Gentlemen:

We are presently in the process of testing the above well and have been granted a testing allowable of 1,000 barrels for condensate production. It now develops that before the test can be completed the well will produce approximately 1,100 barrels of condensate.

This is to confirm telephone conversation of July 25, 1963 between Mr. Armstrong of your office and Mrs. Gibbins of this office, whereby an additional testing allowable of 100 barrels was granted.

Please sign and return 4 copies of this letter to the above address.

Yours very truly,

  
C. D. BORLAND  
Area Production Manager
