

SINCLAIR OIL & GAS COMPANY

Mr Armstrong

Would it be possible to have one of your personnel to call the Permian Corporation "collect" here at hobbs Express 3-8616 or Express 3-2615 and give them the OK to transport this oil when you approve the C-104. Otherwise, our mail coming back this way is slower and we could possibly get caught with bad weather, so we would like to get it out as soon as possible.

Thank you,

Doyle Williams
