New Mexico Oil and Gas Conservation Commission  
Artesia, New Mexico

Gentlemen:

This is to inform you of our intention to test our McKittrick Canyon #1, located in Section 25 T22S R25E in Eddy County, New Mexico, starting at 8:00 A.M., March 15, 1961. The test will be a 4 point test with flow periods of 12 hours through a separator and orifice meter with the gas flared to the atmosphere. This will be followed by a 7 day shut-in period to determine pressure build up rates.

Yours very truly,

  
R. E. James  
Engineer - Natural Gas  
and Gasoline Division
