#1. Sec. 25-T22S-R 25E.

Gentlemen:

This is to inform you that the test scheduled for March 15, 1961, as set forth in a letter dated 3-10-61, was not successful. The well is shut in pending a decision on further remedial operations.

Yours very truly,

R. E. James  
Engineer - Natural Gas and  
Gasoline Division
