No. 1 Well, NE NE Sec. 24-21S-

Dear Sir:

We need to know what your intentions are with regard to the above captioned well. The latest report we received was a Form C-102, Notice of Intention to Sandfrac, filed March 27, 1954.

Now in order to bring our file up to date, you must file Form C-103 (in triplicate) reporting the results of the sandfrac treatment and any production tests that were made, and also submit Form C-105, Well Log, (in quintuplicate). Further you should report the present status of this well.

The Commission office in Hobbs will furnish you with any forms that you may need, but forward all reports to this office. Thank you for your prompt attention in regard to this matter.

Yours very truly,

OIL CONSERVATION COMMISSION
