Gentlemen:

Our Field Man, Mr. Gressett visited your P & A Well which is captioned above. He reports the following: Found marker not cemented; had location on piece of tin tied to marker with wire; Pits not filled. Mr. Swarts was in this office yesterday and said averything was ready for inspection, but before the above-captioned well can be inspected it will have to be finished in the proper manner.

Please attend to this matter as soon as possible.

Very truly yours,
