Re: R. S. Magruder - Pacific Coast Land Well #1,
SW/4 of NE/4 of Section 15, T-21-S, R-27-E,
Eddy County, New Mexico

Dear Mr. Armstrong:

We thank you for your letter of February 4, 1960, and enclose a copy of Mr. Oliver E. Payne's letter of January 21, 1960, to which we have previously referred. Please refer to the last paragraph therein, which instructs us to contact you in regard to a proper plugging program for the captioned well.

We would appreciate being furnished with detailed instructions for the proper plugging procedure recommended by your Commission. Since the only description of this well's location that we have is the one furnished by your Commission, being the SW/4 of the NE/4 of Section 15, it would be very helpful if you could furnish a more exact description of the well's location. Any information your files might yield as to the condition of the hole will be appreciated.

Very truly yours,
