

Oil Conservation Commission

321 Carper Building

Artesia, New Mexico

October 23, 1956

Mr. A. M. Brininstool
705 N. Canal Street
Carlsbad, New Mexico

Dear Mr. Brininstool:

Our field representative was at your State No. 1 well in Unit P of Section 15-21S-27E. He found water running out in the pasture. This should be stopped at once. He also said that there was a water pit not fenced. We would appreciate it if you would give this matter your prompt attention.

Very truly yours,

OIL CONSERVATION COMMISSION

M. L. Armstrong

Oil Conservation Commission

321 Carter Building

America, New Mexico

As the Oil Conservation Commission of the State of New Mexico, we are pleased to announce that we have received a grant from the Federal Government to conduct a study of the oil resources of the State. This study will be conducted by the University of New Mexico and will be completed by the end of the year.

Very truly yours,

Chairman, Oil Conservation Commission

Enclosed for the University of New Mexico are the following documents:
