Mr. M. L. Armstrong,
New Mexico Oil Conservation Commission,
Room 205, Carper Building,
Artesia, New Mexico.

Dear Mr. Armstrong:

I am enclosing three copies of application to plug the well
which we discussed this afternoon.

I have not talked with Allen Antweil as yet, but hope to get
him to do this job, as I know he is thoroughly familiar with
the New Mexico requirements.

I will remind him to notify you when the work is to start.

Very sincerely yours,

Paulo Sergeant
