

March 22, 2002

Mr. Van Barton
Oil Conservation Division
Artesia, New Mexico 88210

Fax # 505-748-9720

Dear Mr. Barton,

In reference to our telephone conversation yesterday, March 21, 2002, I dropped a used submersible pump in the well. The pump/well appears to produce water at a 10 barrel per day rate.

This rate will be watched to see if it affects the field oil daily production rate.

Thank you for your help,

Dennis Langlitz
