Dear Sir:

We are in receipt of Form C-103 on the above-captioned well. However, we must have three (3) copies of this form. Also, your Notice of Intention to Drill states that if the well is productive, the cement will be circulated on the 4 $\frac{1}{2}$ " pipe. You will have to perforate and cement to the surface on this string if the well is productive.

Very truly yours,
